Smarty Ants: Step by Step Foundation Literacy Skill Building

Students in PreK to 2nd Grade

Enter the world of Smarty Ants! Students develop foundational reading skills in an interactive environment designed to build a love of reading.

- Students can practice new reading skills with fun lessons and games and "Coach" their personal ant guide
- Visit the parent dashboard to monitor your student's progress

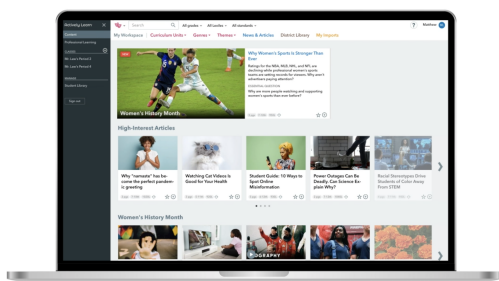

Achieve3000 Literacy: Literacy Instruction at the Just Right Reading Level

Students in 2nd Grade to 12th Grade

Accelerate literacy gains through differentiated instruction! Engaging, contemporary articles delivered to students at their just-right reading level.

- Lesson activities allow students to progress to the next Lexile® reading level
- Parents can access the Home Edition to review lessons, progress, and additional resources

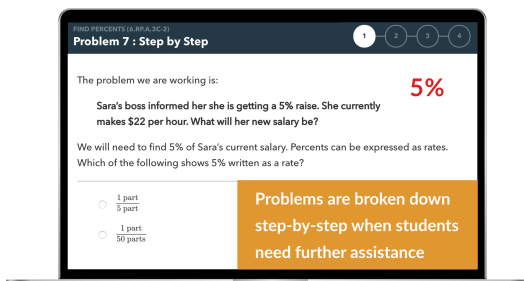

Actively Learn: Deepen Learning Using Texts for ELA, Science, and Social Studies

Students in 3rd Grade to 12th Grade

Promoting academic rigor and deeper learning through a digital curriculum platform.

- Access to a vast collection of sequenced and curated text sets, including short stories, novels, textbook sections, news articles, and multimedia content aligned to ELA, science and social studies
- Supports student reading at all levels with scaffolds and higher order questioning

Achieve3000 Math: Individualized Practice to Support Math Fluency and Skills Mastery

Students in 9th Grade to 12th Grade

Accelerates students' mastery of math standards through individualized math practice designer to mimic a one-on-one tutoring session.

- Offers step-by-step breakdown of problems when students need further assistance
- Quantile® measures help track students' progress
