

Newton Weekly Instructional Guide- 2nd Grade

Students: Following a weekly schedule will help you keep up with your learning while you're at home. Your teachers will help you decide how to spend your time. Don't forget to get some physical activity every day. If you have other children in your household, you can set a great example by reading with them and helping them with their activities.

Parents/Guardians: Extended learning activities (Resources TBA) are essential to provide students further learning opportunities to promote their mastery of grade- level standards. Wellness activities (Resources TBA) promote students' wellbeing during distance education. Please feel free to reach out to your child's teacher(s), especially during the virtual office hours listed below.

Wednesday Schedule: Please note your Wednesday schedule is different: Wednesday is a condensed day to give students a chance to make up work and allows teachers to work with students as needed.
